Social event

20.00 – 22.30 **Heurigen**

Heurigen – Nurses evening in a Viennese wine tavern

Vienna is the only capital city in the world with an appreciable wine-growing industry. In the relaxed, informal atmosphere of one of the countless “Heuriger” wine taverns on the outskirts of the city and some of the best in the Grinzing district, you and your colleagues can enjoy a glass of Riesling, Veltliner, or typical locally blended wine, a traditional country style buffet and typical “Schrammermusic” played by local musicians in authentic dress. You can recognise a genuine Viennese heuriger by a sprig of pine hanging outside together with an ‘Ausg’steckt’ sign: it is only here that you will find genuine proprietary Viennese wines.

This evening is organised especially for the delegates of the 12th International EAUN Meeting and accompanying persons.
